

Key Fobs look great and will complete your Access Control Solution

Our **Key Fobs** are the ideal identification solution for personnel applications where the tag can be secured to a lanyard or key chain, etc.

Works great for a complete Membership Borrowing and Access Control solution within a library or gymnasium situation.

With stunning graphics these **Key Fobs** look just as good as they perform.

Made from a combination of durable materials the **Key Fobs** can have variable text (*patron's name*) and bar code printed.

Key Market Features

- *Stunning graphics!* Our subsurface digital printing process ensures crisp details on even the most complex logos for maximum clarity
- Constructed from the most durable permanent materials
- Thinner profile making them more convenient than the bulky and thicker options commonly used
- 100% data verification
- Two sided printing available with the options of either constant and variable information

Key Fob Product Construction

Standard Construction: 0.08 mm (0.003") thick polyester and 0.25 mm (0.010") thick polyester.

Optional Construction: 0.05 mm (0.002") thick polypropylene and 0.25 mm (0.010") thick polyethylene.

Label Copy: The label copy may include block type, stylised type, logos or other designs. All copy, block type, logos, designs, and bar code are subsurface printed. This unique process provides excellent resistance to solvents, caustics, acids and moderate abrasion.

Colors: Standard colors include black, red, yellow, green and blue. All bar codes are imaged in black only due to contrast needed for the bar code scanner.

Serialisation: Bar code and human readable equivalent is produced using the latest high resolution digital technology available, which provides excellent clarity and easy scanning. Code 39 is the standard symbology with a range of 2.7 to 9.4 CPI (characters per inch). *Optional symbologies* are available.

Standard Sizes: 70 mm x 24 mm with 8 mm ID holes

Shipment: Allow approximately 20-30 work days depending on order quantity and inlay availability

To Order: call: 0490 039 278 (*Customer Service*)
